Year 2021 was a very slow year for me! Even though I took all of the vaccines in the winter and added the booster and flu shot in the fall, I was reluctant hanging out in any crowded activities, including my favorite, the dances at North Myrtle Beach. And yes, I don't like wearing masks no matter where I go! I did go to all of East Carolina football games which were an outside event!

Numerous trips to Raleigh, Charlotte and Lake Gaston to see family and grandchildren were certainly a highlight this past year! The grandchildren keep you busy and I like that! Audrey, age 7, always has an agenda ready for me when I arrive! Beckett, age 5, is becoming more athletic each time I see him. And then there is Nolan, age 1+, who can already run faster than me. This age group is always a joy to visit which should keep me on the road for many years.

I am aging some so I still try to keep exercising which now consists of walking, some golf, and ping pong. Next door to my apartment is a large recreation center that is adding pickleball courts, so it looks like I

will be adding that to my weekly exercise routine. I already have a pickleball racquet to encourage me to get started.

I miss the dancing and friendships that I have made over the last few years attending the local shag dance clubs and the 4 seasonal dancing events in North Myrtle Beach. My plan is to get back into the swing of things in 2022! I wish everyone the best! I hope to see many of you soon!
